

## ***Classical Vinyl Record Collection Listed by Composer***

***(Some records in the collection are excluded as they are more about the performing artist than about the composer. Included in the miscellaneous part of the collection are music for organ, piano, guitar, and recorder.)***

***I am selling the records at \$2.50 a record. My preference is to sell the entire collection to a single buyer who may want to break it up after purchase. I am prepared to consider offers involving the output of particular composers. Please contact me at [mosk@uvic.ca](mailto:mosk@uvic.ca)***
